Brisbane QLD 4000

Dear Chief Executive

Olive Downs Project - Environmental Authority Application

I enclose for lodgement an application for a site-specific environmental authority (**EA Application**) for the Olive Downs Project, on behalf of Pembroke Olive Downs Pty Ltd.

In support of this EA Application, I enclose the following material:

- Attachment 1 to the EA Application form, with responses to Question 3 – *Details of the activity/activities being applied for*; and Question 14 – *Details of waste management*;
- EA Application Supporting Information, dated May 2018;
- the Coordinator-General's evaluation report on the Olive Downs project dated 13 May 2019;
- the draft Environmental Impact Statement dated 24 August 2018 (the **draft EIS**); and
- the revised draft Environmental Impact Statement dated 21 March 2019 (the **revised draft EIS**).

On 13 May 2019, the Coordinator-General accepted the revised draft EIS as the final EIS. The revised draft EIS is read as an addendum to the draft EIS, as the revised draft EIS was prepared as a response to information requests raised by the Coordinator-General. Accordingly, I have enclosed both the draft EIS and the revised draft EIS as supporting material to the EA Application. Please contact the undersigned with any questions.

Yours sincerely

Blair Richardson
General Manager
